

Downfall

Issues

Truth burns your eyes
Don't act surprised
Like someone opened the curtains
On the person I really am inside
What do we have
That we didn't earn
I'm sick of hiding the power
To be the shelter your body needs to learn

I wish I had a purpose
I could do without the fame
I need someone to miss me
When they hear my name
What we find in the ashes
Then we lose in the fire
I will burn to keep you alive

You are my downfall
You are my downfall I know
You are my, my heaven my hell
My thunder, my calm, I'm blaming myself
For putting you up so high
With a love so tall, you are my downfall

We slowly build
Like castles in the sand
Waves are crashing
And I become a vessel
To carry what you can't

You give me a purpose
When I've had it with the fame
I need someone to hold me
When I go insane
What we find in the ashes
Then we lose in the fire
I will burn to keep you alive

You are my downfall
You are my downfall I know
You are my, my heaven my hell
My thunder, my calm, I'm blaming myself
For putting you up so high
With a love so tall, you are my downfall
