

Find Forever

Issues

Ooh, yeah
Huh

What about love?
What about love, do we
Just enough to keep it low-key?
Just enough to fight the lonely or
What about love?
If it finds us, do we
Take it to the chapel? So sweet
You can find forever in me, yeah
(Ooh, what you scared for, baby?)

Are you comfortable with
Showing me your soul when
You still don't trust me to be
Yours again?
Are you comfortable with
Taking on our odds when
We've been so caught up in our
Distractions?

What about love?
What about love, do we
Just enough to keep it low-key?
Just enough to fight the lonely or
What about love?
If it finds us, do we
Take it to the chapel? So sweet
You can find forever in me

Are you comfortable with
Showing me your soul when
You still don't trust me to be
Yours again? Ooh-whoa
I can promise you that
If you let me in
You'll find happiness to be
Your best friend

What about love?
What about love, do we
Just enough to keep it low-key?
Just enough to fight the lonely or
What about love?
If it finds us, do we
Take it to the chapel? So sweet
You can find forever in me, oh-oh

I just needed you to know, honey
You got no reason to be scared, just let it go
Little bit of you, little bit of me
Little bit of hesitation, drive me crazy
Take me to the chapel, baby
I do-do-do-do-do-oh

What about love?

What about love, do we
Just enough to keep it low-key?
Just enough to fight the lonely or
What about love?
If it finds us, do we
Take it to the chapel? So sweet
You can find forever in me, oh-oh

(What about love?)
I just needed you to know
(What about love, do we
Just enough to keep it low-key?)
You've got no reason to be scared, just let it go
(Just enough to fight the lonely or)
Are you comfortable, showing me your soul
(What about love? If it finds us, do we)
I just needed you to know
When you still don't trust me to be
(Take it to the chapel? So sweet)
You've got no reason to be scared, just let it go
Yours again?
(You can find forever in me)

What about love?
What about love, do we
Just enough to keep it low-key?
Just enough to fight the lonely or
What about love?
If it finds us, do we
Take it to the chapel? So sweet
You can find forever in me

Yeah, yeah
Ooh, whoa-oh-oh
Take me to the chapel, baby
