

Get It Right

Issues

Ooh you know that you can get it
I'm a take it to the limit
A piñata, Imma hit it
Like I'm in the majors
Like I'm in the majors
I been looking at the talent
Ain't nobody gonna challenge
The way you balance your body
Can't nobody phase ya
Can't nobody phase ya

Whoa whoa
Stole my attention like a criminal
Whoa whoa
The way I lock it down is critical

I been craving on your body
I don't wanna go with out
If you want it you can shout it
You can tell the neighbors
You can tell the neighbors
Cause I wanna hear the sound
When I go down
Down to your downtown
Keep you cumming Imma make ya
Imma make you

Whoa whoa
Stole my attention like a criminal (I wanna lock you away)
Whoa whoa
The way I lock it down is critical

That's why I just won't quit
'Til your body just can't handle it
That's why I just won't stop
We'll get it on 'til you get off

Stole my attention like a criminal
(I wanna lock you away)
The way I lock it down is critical

That's why I just won't quit
'Til your body just can't handle it
That's why I just won't stop
We'll get it on 'til you get off
