

Back off! I don't need you right now, come on!
Get lost! I don't need you right now
And I don't wanna hear
All these words flyin' round tonight

Rock bottom isn't where I belong
You've got courage, but you're now running short
Plus you don't have a clue
What it's like to be me at all

You think you know me let's just make it very clear
You'd probably never in a hundred thousand years
So don't go acting like you've got me figured out
Don't mess with me, yeah exactly!

You! Hey listen, it's you!
Yeah I know that you'll keep on burnin'
But my wheels they'll just keep on turning
Oh oh you! Hey listen, it's you!
Take a step back and let's get going
Lemme show you what i've got coming
Yeah it's you! Hey listen it's you!

Back off! I don't need you right now, come on!
