

Flowers in your hair
You're slurring your speech
Saying all the things that
Now you really mean
Am I gonna let you
Take a hold of me?
Cause if I let my guard down
Will you marry me?

We can go on talking
What's it really mean?
Am I really you?
Can you even feel me?
Or am I just a shadow?
Another one you see
This magic's got you spells now
I can't stand to not speak

Am I real?
Are you there?
Am I real?
Are you there?
Are you scared of what comes after this?
I'm terrified but I can handle this
