

Talk Backwards

It Looks Sad.

Talk backwards, apologies
Saying all your sorries
Step back what did I see
You there next to me

Slow down it's dark where I know
Slow down it's dark where I go
Hold back all that I know
Slow down it's dark where I go

All you girls wrapped up in your winter clothes
Trying hard to hide all your brittle bones
Every night I watch you come undone
Growing up how's the bottle treating us

Where'd you go
I don't know

Oh God what have you done
Oh God what have I done
Oh no what have I become
Slow down it's dark what I know
