

Visor  
Three-legged dog on a walk  
Leaf blowing  
[?] close my eyes  
One more time  
Saw a fire on the hill  
Saw a statue move  
See through you  
I jumped into the pool

Oh, you're here again another night  
Oh, you're here again one more time  
One more time  
You're here again another night  
Here again one more time  
One more time

I can see you in the sea  
Sacred storm it's in your hands  
I can see you in the sea  
Sacred storm it's in your hands  
Be your sacrifice  
Be your sacrifice  
Tonight  
One more time

Visor  
Three-legged dog on a walk  
Leaf blowing  
[?] close my eyes  
One more time  
I'll be your sacrifice tonight  
I'll be your sacrifice tonight  
One last time  
One more night
