

Everybody (On The Floor)

Italobrothers

(Everybody down on the floor
Everybody hands in the air)

Everybody down on the floor
It's time to loose control
Everybody hands in the air
Cause we don't we don't care

Everybody down on the floor
It's time to loose control
Everybody hands in the air
Cause we don't we don't care

Everybody down on the floor
It's time to loose control

(It's time to loose control)

Losing control on the dancefloor
Spinning around and wanting more
Bodies movin in the neon glow
I like this chaos come on let's go

Alert alert emergency emergency
