

Open the doors, open your mind
It's time to come back
The people of DreamHack
Oh, open your mind
It's time to come back
People of DreamHack

Oh, the people of DreamHack
Oh, open your mind
It's time to come back
Let the bass kick

People of DreamHack

We're no freaks
We're just ahead of time
No need to walk the line
We game until we die
Our fantasy collides
The network is our connection

Open the doors, open your mind
It's time to come back
The people of DreamHack
Oh, open your mind
It's time to come back
People of DreamHack

People of DreamHack
Our time has come
We are here about to witness
A new level

Open the doors, open your mind
It's time to come back
The people of DreamHack
Oh, open your mind
It's time to come back
Let the bass kick

People of DreamHack

Open the doors, open your mind
It's time to come back
The people of DreamHack
Oh, open your mind
It's time to come back
People of DreamHack
