

Sing It Back Again

Italobrothers

La-la-la, la-la-la
La-di-da-di-da
La-la-la, la-la-la

Sometimes this life gets cold, I know
La-di-da-di-da
We still have fire in our bones
La-di-da-di-da

Let's all sing a love song
Get out of our heads
Turn our hearts up loud and
Sing it back again
Let's all sing a love song
That we won't forget
Turn our hearts up loud and
Sing it back again

La-la-la, la-la-la
La-di-da-di-da
La-la-la, la-la-la
Sing it back again
La-di-da-di-da
Sing it back again

The night's alive, I feel the glow
La-di-da-di-da
Lift your head high and let it go
La-di-da-di-da

Let's all sing a love song
Get out of our heads
Turn our hearts up loud and
Sing it back again
Let's all sing a love song
That we won't forget
Turn our hearts up loud and
Sing it back again

La-la-la, la-la-la
La-di-da-di-da
La-la-la, la-la-la
Sing it back again
La-la-la, la-la-la
La-di-da-di-da
La-la-la, la-la-la
Sing it back again
La-di-da-di-da
Sing it back again

Let's all sing a love song
Get out of our heads
Turn our hearts up loud and
Sing it back again
Let's all sing a love song
That we won't forget
Turn our hearts up loud and

Sing it back again

La-la-la, la-la-la

La-di-da-di-da

La-la-la, la-la-la

Sing it back again
