

# Falling Star

Itchyworms

Look at me, it's doesn't matter what I am  
If I'm a woman or a man  
Everybody knows me  
I can add, I am always feeling glad  
Being sad is just a fad  
This is the best day that I've ever had

I'm trying so hard  
To be normal among you  
But still I feel different  
Wish I had a movie  
Instead of a song  
I don't feel I belong  
Play me someday

I'm just a phony  
I feel so lonely  
Please don't tell nobody  
That I'm just a phony

I'm smiling but I don't really like you  
I need you so I'm turning you on  
I wont be true because I've been lied to you

I'm just a phony  
I feel so lonely  
Please don't tell nobody  
That I'm just a phony

I'm trying so hard  
To be normal among you  
But still I feel different  
Wish I had a movie  
Instead of a song  
I don't feel I belong  
Play me someday

I'm just a phony  
I feel so lonely  
Please don't tell nobody  
That I'm just a phony
