Rainy Day

Itchyworms

Woke up this morning
Somethin' is missin'
You were not there beside me
Rain drops are fallin'
Water is whistlin'
The wind gives a nice harmony
Tell me you don't have to go
I wanna hear you say no

Wouldn't you rather be hanging around with me?
You've been away everyday working entirelessly
I'm really missing you so much can't you see?
It's a beautiful day
The sun is away
I'd rather you'll spend it with me

Are you still listenin'?
I am still hoping
That you'd be what you want to be
All that I'm saying is
Time is just flying
The world ain't what it used to be
Tell me you don't have to go
I just wanna hear you say no

Wouldn't you rather be hanging around with me?
You've been away everyday working entirelessly
I'm really missing you so much can't you see?
It's a beautiful day
The sun is away
I'd rather you'll spend it with me
