Chiyeolhido pigo jine  
Challaui sunganeul wihae  
No one's gonna bud me, nobody else  
No one's gonna help me, nobody else  
Yobeon bomeun bonaekka hae  
Jogeupalgeon eopseuni  
I'm waitin' for my turn  
You know that I'm waitin' for my time

But don't care 'bout it  
Don't care 'bout me  
Neujeojoedo I know the best time for me  
Eokjiro naege byeoteul deuriuji mara  
Hamburo naege mureul deuributji mara  
Umcheurin chae, ungkeurin chae  
Piji mothan chaero jeonbu beotyeonaedo  
It's not late, not late to give me love  
Nado kkochigo sipeora

How was I like? How was I like?  
How was I? How was I? how was I like?  
We weren't alike, we weren't alike  
We weren't a, we weren't a, we weren't a  
We weren't alike  
How was I like? How was I like?  
How was I? How was I? how was I like?  
Ajik pieonaji mothan ai  
Jeil neutge pieonaneun ai

I've been waitin' so long  
And you've been waitin' for me  
Hwaryeohaljin moreugetjiman  
Geuri swipge kkeokkiji aneulge  
Hannat bongorie geuchideorado  
I'll call myself a flower

How was I like? How was I like?  
How was I? How was I? how was I like?

We weren't alike, we weren't alike  
We weren't a, we weren't a, we weren't a  
We weren't alike  
How was I like? How was I like?  
How was I? How was I? how was I like?

I'll call myself a flower

Fiercely blossom and wits  
Just a short moment  
No one's gonna bud me, nobody else  
No one's gonna help me, nobody else  
I'm gonna let this spring past  
There's no need to hurry  
I'm waitin' for my turn  
You know that I'm waitin' for my time

But don't care 'bout it  
Don't care 'bout me  
Maybe be late but I know the best time for me  
Don't force rays of sun on me  
Don't you dare pour water on me  
Hunched up, curled up  
Even if I endure everything without blooming  
It's not late, not late to give me love  
I'd love to be a flower too

How was I like? How was I like?  
How was I? How was I? how was I like?  
We weren't alike, we weren't alike  
We weren't a, we weren't a, we weren't a  
We weren't alike  
How was I like? How was I like?  
How was I? How was I? how was I like?  
The one who had not yet blossomed  
The one who is the latest blossomed

I've been waitin' so long  
And you've been waitin' for me  
Might not be as beautiful  
But I won't break that easily  
Might just be a bud  
I'll call myself a flower
