Again, you ask me
What I'm thinking about
Not my business, don't know myself
Just following my heart, playing

Kind of like you, love or like
It's like hide and seek yayaya
There's no right or wrong
Like the Cheshire cat, it's all right

Stop asking, you're boring
All is up to me, play a trick
There's no answer to what
You want to know

I'll give you a hint if you want
But the rest, just let me be free
In your mind
Let me roam lalalalala

Hey, why so serious?
Just trust what you see
Don't complicate it
Nothing's wrong, right?
Can you see me?

Hey, why so curious?
Trust your gut, not your logic
Just take it easy
Anything's right!
Lalalalala

My smile is strange
But you still like me
Yeah feel so free
I'll be gone when you close your eyes,
But I'll leave my smile here

In the dark, shining eyes
Someone might find their path
With my light, I wanna go
Look look look look, look closely

Follow now for the next story
You're still wondering
Look at your face, Lalalalala

Hey, why so serious?
Just trust what you see
Don't complicate it

Nothing's wrong, right?
Can you see me?

Hey, why so curious?
Trust your gut, not your logic
Just take it easy
Anything's right!

Will you join me?

It's right in front of you
Just enjoy the moment like that
Nothing's wrong, Nothing's right
