

ICY (English Ver.)

ITZY

Hey hey hey ya
Woo beep beep
Hey hey hey hey hey hey
I see that I'm icy
Go rising up up
I see that I'm icy

Don't go mistaking me for cold, I tell it like it is
Couldn't care less what you think
Oh oh oh
Come on
Forget it, just let it go (Here we go)
Make way 'cause we're on a roll (On a roll)
Start up the soundtrack for me
Bomb bomb bomb bomb

Icy but I'm on fire
I'm following my dream, I know what I want
Trust me, I'm not a liar
Don't bother trying to trap me inside your box (Dance)

They go blah blah
It don't matter
All you haters
Always blah blah
They keep talking, I keep walking
They go blah blah
It don't matter
All you haters
Always blah blah
They keep talking, I keep walking

Ring ring ring
Hear it all day long
They got my phone blowing up yeah
I know this is your favourite song
That's how it's gonna end up yeah

Hey, the ice is so thin
Don't be falling for me
Bling bling bling
Shining like a star
Baby that's me, icy

Uh Shout out to my mama
And big ups to my papa
'Cause I got the best of both of ya
Ta-da-da-da-da-da

Forget it, just let it go (Here we go)
Make way 'cause we're on a roll (On a roll)
Start up the soundtrack for me
Bomb bomb bomb bomb

Icy but I'm on fire
I'm following my dream, I know what I want oh
Trust me, I'm not a liar

Don't bother trying to trap me inside your box

They go blah blah
It don't matter
All you haters
Always blah blah
They keep talking, I keep walking
They go blah blah
It don't matter
All you haters
Always blah blah
They keep talking, I keep walking

Get it
Hey
Shake it
Hey
Yeah
Come on
Girls

Imma keep on running, don't care what they say
Keep on living for me, it's gon' be okay
Up up up up up we go
Ain't no looking down below
Climb 'till we can't climb no more
No one can stop us now

Blah blah
It don't matter
All you haters
Always blah blah
They keep talking, I keep walking
They go blah blah
It don't matter
All you haters
Always blah blah
They keep talking, I keep walking
I see that I'm icy
I see that I'm icy
I see that I'm icy
I see that I'm icy
