Loco

I know I'm losing my mind  
(I'm gettin' loco, loco)  
Oh gosh, it's like sweet poison  
(I'm gettin' loco, loco)  
I'm in a room with no way out  
Everywhere I look, all I see is you  
This feeling must be  
I feel like I was born to love ya

Oasis, where, kitty  
Roaming through the days  
All I see is you, these eyes are yellow  
I want to feel those hands hot on me  
It's too late, want you so bad  
Now I want you  
I don't know, already blind  
I'm going all out

Make me lose a little bit more of my mind  
You got me like cray-cray-crazy in love  
What even are you?  
I can't stop my feelings from going up and down  
You got me like cray-cray-crazy in love  
I'm outta control

I'm gettin' loco, loco  
I'm gettin' loco, loco

Call for me as you please  
Even if I give you everything, I'm okay  
It can feel like being in Heaven  
When you fall down the abyss  
So dangerous  
So, so, so dangerous (Uh-oh)  
You who crosses over  
Make me believe you, more

Oasis, where, kitty  
Next to you, give me  
Break, I forgot anything  
I'm going all out

Make me lose a little bit more of my mind  
You got me like cray-cray-crazy in love  
What even are you?  
I can't stop my feelings from going up and down  
You got me like cray-cray-crazy in love

I'm outta control

Loco

I'm gettin' loco, loco-co, oh-oh-oh
