ITZY

Kagaminiutsuru It girl  
Tojikometa koe fortress around my heart  
Doko demo cheesy pleasy  
Sō yatte keep it busy

Gotta get rid of the bad vibes  
Should be rooting for the good vibes  
Soraniukabu moonlight  
Terasu no heart inside

Itsumo dancing all alone  
Gomakashite the show must go on  
Coz' what to find or where to go jibun de itai

Like you always say, "No biggie"  
Deaeta imi o teach me  
With you here, I can be anything  
Problem I ain't got no problem  
No biggie

Problem I ain't got no problem  
No biggie, all right  
Nan datte we can ride  
Problem I ain't got no problem  
We got it, so fine  
Tsuredasu yo Rain or Shine!

Just lean on my shoulder, ki ga sumu made pass the time  
Even if there is no light, for sure we can find ways  
Problem I ain't got no problem  
No biggie, all right  
Nan datte we can ride

Guys?  
Wakatta furi de read between the lines?  
Somaranai my shade  
But you're my sign, you're my green light  
Mewotojite itsumo I feel you by my side

Then you tell me to just be me  
Ano hi mita sora reminded  
I'm with you, kaku dreaming  
Problem I ain't got no problem  
No biggie

Problem I ain't got no problem  
No biggie, all right  
Nan datte we can ride  
Problem I ain't got no problem  
We got it, so fine  
Tsuredasu yo Rain or Shine!

Just lean on my shoulder, ki ga sumu made pass the time  
Even if there is no light, for sure we can find ways  
Problem I ain't got no problem  
No biggie, all right  
Nan datte we can ride

You light the way for me always  
Kokoro ni saku flower  
Kienai ever after  
Sometimes tada nigedashitaku natte  
"No biggie, gon'be alright"  
In my mind -sō nando mo
