When I said "what's up?"
I really meant "I miss you"
In each and every emoji
My subtle feelings keep changing, I wonder if you know

No, I'm not busy, nothing no no
I'm not sleeping, insomnia nia nia
I'm not with anyone else
Yes, I'm thinking about you too

Our rectangular chat is in bloom
I'm making roses blossom with my thumb
I think I'm getting drunk with the scent
It's our own secret garden

I feel bloom I feel bloom I feel bloom
I'm sending you one more flower

Updating you with my all-nighter work
The author of this interesting piece of work, that's me
Maybe this is the climax of the relationship
Before it goes over to Act II, this is good timing

I know we feel the same, realize la lize
Don't be so careful with your words, just reply la la ly
I'm curious how you'll interpret
My playful metaphors

Our colors are gray and blue
I'm making word balloons with my thumb
I feel like I'm gonna explode
My breath is quickening, I'm getting dizzy

I feel blue. I feel blue. I feel blue.
I'm filling you up

I'll text you without any spaces I think this is love
A million roses, wanna make them bloom with me?
Let's color the flowers however we want
So it's beautiful even when it withers

Our rectangular chat is in bloom
I'm making roses blossom with my thumb
I think I'm getting drunk with the scent
It's our own secret garden

I feel bloom I feel bloom I feel bloom
I'm sending you one more flower
