What happened, what's wrong?
You're sitting alone by the stream
The green grass is sprouting up
And the water splashes with the spring wind

I'm sure there was a promise
That even if you go, you won't be gone forever
But every day you come to the stream
What are you thinking about?

Even if you go, you won't be gone forever

Is that asking me not to forget you?

I'm sure there was a promise
That even if you go, you won't be gone forever
But every day you come to the stream
What are you thinking about?

Even if you go, you won't be gone forever
Is that asking me not to forget you?

What happened, what's wrong?
