You are my celebrity

Celebrity
You are my celebrity

The world's edge
Sharply angled
A troubled outsider

The walk, the style
Through the earphones
The music is all minor

You have no idea
Above your lowered head
What the bright lights are
Shining towards

It's fine to take your time
But I hope you notice, at last
The one and only
You are my celebrity

Don't forget among the cloudy dark
You're a star painted with a left hand
Can't you see how beautiful
A true uniqueness can be
You are my celebrity

Celebrity
You are my celebrity

Your weary face looks like
Someone powered you off
The heartbeat went too quiet

The glow you have
The imagination, identity
Are on a diet

You have no idea
Still not fully bloomed
Written for you
A bygone love poem

It's fine to scowl
But I wish you could smile, at last
The one and only
You are my celebrity

Don't forget among the cloudy dark
You're a star painted with a left hand
Can't you see how beautiful
A true uniqueness can be
You are my celebrity

An autograph written in steps
A drawing sketched in sullen steps

The path to meet you solely
The path along the dotted line

Don't forget during the long winter
A flower can bloom between the frozen cracks
Can't you see how beautiful
Tomorrow's spring is to be
You are my celebrity
