

I Ain't Perfect

IV of Spades

There you are beautiful, quietly
Sleepin' on the bed we made right next to me
Feels like a dream
Only a dream

Here we are holding on, dangerously
Dancin' on the edge of the infinity
Feels like a dream
Only a dream

Writing all these memories
Singing all these melodies
Waiting here for centuries

I ain't perfect
I ain't perfect
Perfect for you
Perfect for you

Here I am beautiful as you see
Standing on the pedestal you made for me
Feels like a dream
Only a dream

Waltzin' thru our symphonies
In our little galaxy
Waiting for our destiny

I ain't perfect
I ain't perfect
Perfect for you
Perfect for you
