

# Where Have You Been, My Disco?

## IV of Spades

Yo momma said that you should be home  
Seven in the evening with a sober soul (soul)  
Don't you worry, brother, I'm on my way  
Just keep on truckin' tonight

Children of the future, let me tell you something  
Boogie is my life that I've never shown yet  
Why have you forsaken all the things we know?  
I wanna show it tonight

They don't need no disco, no disco  
Where have you been, my disco, my disco  
Take me back to disco, to disco  
Groove it up, groove it up

Darlin', it's coming back!  
Loving you!  
Revive the old!  
Make it new!  
Come on, it's going down!  
Make it true!  
Celebrate!  
Celebrate!

Yo momma said that you should be gone  
Don't you dare to come back with a pretty bad face  
Take it easy brother, I am here to stay  
Just keep on dancing 'till the girls are gone (girls are gone)

Children of the future, let me tell you something  
Boogie is my life since when I was young  
I've been livin' heaven, leavin' all the pain  
I wanna show it tonight

They don't need no disco, no disco  
Where have you been, my disco, my disco  
Take me back to disco, to disco  
Groove it up, groove it up

Darlin', it's coming back!  
Loving you!  
Revive the old!  
Make it new!  
Come on, it's going down!  
Make it true!  
Celebrate!  
Celebrate!
