

Houston Is Hot

Ivan Král

Bright lights, Houston is hot tonight
Arabian shieks and money, up in the sky
Now I don't mind, a bloodbath

When I've got oil, on my breath
Unverified eye to eye
Houston is hot tonight

My brain is tired of the wind
Chicago winters, just do me in
They've got a moon man, on the telephone

hey, Houston control
Unverified eye to eye, Houston
It's like, what's happening?

Houston is hot tonight
Houston is hot tonight
Houston is hot tonight
Houston is hot tonight

Houston is hot tonight
Houston is hot tonight
Houston is hot tonight
