

Rebels

Ivy Adara

(Two, three, four, five)

Just a couple no name kids
Tryna find a crown that fits
Call us the kings and the queens of the dead end streets
Just a couple kids

We've got no plans
Recklessly follow the sunset dreaming
Give me tomorrow and I'll take your hand
Two rebels, ride or die
Two rebels, you and I

We've got no plans
Recklessly follow the sunset dreaming
Give me tomorrow and I'll take your hand
Two rebels, ride or die
Two rebels, you and I

Just a couple midnight rides
Streetlamps are our kingdom lights
Ain't nobody need to know
We'll sneak the cars
You must drive and we'll ride

We've got no plans
Recklessly follow the sunset dreaming
Give me tomorrow and I'll take your hand
Two rebels, ride or die
Two rebels, you and I

'Cause those nights at the drive-in
That night we were driving
Through GPS, stare at the scar on my right knee
It was karma I guess, I'm a beautiful mess
All of those times we would sneak
In the moonlight we speak
And my mama, I'm sorry, you thought I was sleeping
All the time that we spent, I would do it again

We've got no plans
Recklessly follow the sunset dreaming
Give me tomorrow and I'll take your hand
Two rebels, ride or die
Two rebels, you and I

We've got no plans
Recklessly follow the sunset dreaming
Give me tomorrow and I'll take your hand
Two rebels, ride or die
Two rebels, you and I

(Ah) We've got no plans
(Ah) Recklessly follow the sunset dreaming
(Ah) Give me tomorrow and I'll take your hand
Two rebels, ride or die
Two rebels, you and I
