

Champagne Taste

Ivy Levan

I'll admit dat I been on the scene
I'll admit I'm sucker for the green
All the low level hatin' that I'm me
They got nothing on my technique

I'll admit I can get a little mean
I'll admit I'm sorry, not sorry
Take a minute Bae, get yourself a drink
When ya loosen up, gimme a ring

No paycheck, no black card
Could get spent like we are

I said it's my party I'll get love if I want to
Champagne taste with a bud light budget
Woop woop
I know you love it
I said it's my party I'll get love if I want to
Champagne taste with a bud light budget
Woop woop
I know you love it

I know all about 9 to 5
I know all about have a good time
I'll take ya with me if ya act real nice
Now wasn't that just so polite

No doubt what I came here for
When they let up give em some more
Get the lower level hot on the floor
Break yo back till you get sore

No paycheck, no black card
Could get spent like we are

I said it's my party I'll get love if I want to
Champagne taste with a bud light
Budget
Woop woop
I know you love it
I said it's my party I'll get love if I want to
Champagne taste with a bud light budget
Woop woop
I know you love it

You know you love it
I know you love it
You know you love it
I know you love it

You know you love it
I know you love it
You know you love it
I know you love it

Yeah wanna party like me
Yeah rage against the machine

Huh ain't about no popov
Bitch get the cris get the jack or get lost
Yeah i'm a little bit mean
And again i'm sorry not sorry
Would you be a dear fill up my cup
I'ma squirrel out lookin' for my nut

I said it's my party i'll get love if i want to
Champagne taste with a bud light budget
Woop woop
I know you love it
I said it's my party i'll get live if i want to
Champagne taste with a bud light budget
Woop woop
I know you love it

You know you love it
I know you love it
You know you love it
I know you love it
