

Fascinated

Ivy

You've got me working so hard
You've got me down on my knees
You say you're falling apart
Look what you're doing to me

Nobody knows what you want
Nobody knows what you need
I barely get a response
Look what you're doing to me

I'm fascinated
So fascinated
I'm fascinated

A promise we made ourselves
To never care at all
And I know you'll never tell
Tell me how to break down this wall
Tell me how to break down this wall

I'm fascinated
So fascinated
I'm fascinated

Never turned out like we talked about
Never could tell how to read your mind
Never found out what you're all about
In this lifetime, baby, you will be mine
You will be mine
In this lifetime, maybe, you will be mine

I'm fascinated
So fascinated
I'm fascinated
