Iwan Rheon

Tell me do you want me
or do you want me to be
out of this world.
This feeling is crazy
maybe just lazy
while I knock your door.
Escape from your ears now
from your fears now
that we are disturbed.
This connection was preference
emotional blindness
I misunderstood
or Im out of this world
out of this world
am I out of this world.

Tell me do you want me
or do you want me to be
out of this world.
This feeling is crazy
definitely lazy
while I knock your door.
Escape from your fears now
from your tears now
that we are disturbed.
This connection was preference
emotional blindness
I misunderstood
or Im out of this world
out of this world
am I out of this world.

Let's drink to what life's given us
to being free and feeling love.
Let's drink to how life's broken us
'cause what we learn is happiness.
