

Sleeping Alone

Iyaz

Baby, my heart isn't bulletproof
Not made out of metal like a statue
A shot to the chest, I can block, no way (no way)
I made her upset, now she broke loose
I'm seeing my breath in this cold room
'Cause I haven't left since she left losin' it (I'm losin' it)

Don't matter who's right or wrong
Just want you back in the bed, going crazy
Wondering where you are, girl

Turn me up, throw me out you see
Just don't tell me someone's replacing me
I hope that you're sleeping alone
Hit me where it hurts, you can talk to me
But a heart doesn't work if it's facing a bee
Tell me your love hasn't gone
I hope you sleeping alone

I hope you're sleeping alone

It's all in my mind, fire's growing
Girl, I'm a fighter, but I can't win
Without you, the water down this pain, no way (no way)
I'm calling your phone, you're not answering
Pick up, once you pick up, you got me panicking
Flashes off, you can see somebody else losin' it (I'm losin' it)

Don't matter who's right or wrong
Just want you back in my bed, going crazy
Wondering where you are, girl

Turn me up, throw me out you see
Just don't tell me someone's replacing me
I hope that you're sleeping alone
Hit me where it hurts, you can talk to me
But a heart doesn't work if it's facing a bee
Tell me your love hasn't gone
I hope you sleeping alone

I hope you're sleeping alone

'Cause you're my property
I remember when you left me mark my territory
The worst thing you can do is give your love to someone else
Say you are, say you are, say you are
Hope you sleeping alone, I hope you sleeping alone
Say you won't, just say you won't, say you won't
Just you say you won't (won't, won't)

Turn me up, throw me out you see
Just don't tell me someone's replacing me
I hope that you're sleeping alone
Hit me where it hurts, you can talk to me
But a heart doesn't work if it's facing a bee
Tell me your love hasn't gone
I hope you sleeping alone

I hope you're sleeping alone
I hope you're sleeping alone
