

Soundtrack to Life

Iyeoka

I wanna sing you a new song
I wanna let go of old habits
I wanna show the world
How to embrace the day
With a soundtrack to life
La la la la, la la la la la la

One thousand mantras streaming in the background
With the message of the day saying
All is well now
I wanna sing you a new song
I wanna let go of old habits
I wanna break, wanna show the world
How to embrace the day
With a soundtrack
With a soundtrack to life
La la la la, la la la la la la

Baby piano playing in the background
With the trumpet of the day
Saying hallelujah
I wanna sing you a new song, a new song
I wanna let go of old habits
I wanna break, I wanna break
I wanna show the world
How to embrace the day
With a soundtrack to life
La la la la, la la la la la la

Let go baby Let go, ooh

Let's go, baby, Let's go!
La la la la la

I wanna sing you a new song
I wanna let go of old habits
I wanna break, wanna show the world
How to embrace the day
With a soundtrack to life
La la la la, la la la la la la

One thousand mantras streaming in the background
With the message of the day saying
All is well now
