IZIA

Lorsque j'ai su
Tout ce que tu savais
Tout ce que tu disais
Anything at all

Lorsque j'ai vu en toi la couleur
Que tu gardais parfois
Et le sens que tu mets dans tes pas
Et l'amour que tu es, oh

We'll throw all our regrets in a light
Over the bridges of a lie
Someday
Restart everything in different place
You choose your family and your friend
Again, over and over again

Lorsque j'ai su
Tout ce que tu savais
Tout ce que tu disais
Anything at all

Lorsque j'ai vu en toi la colère
Qui t'irradiait parfois
Et la force qui s'enraye dans ta voix
Et le coeur que tu y mets, oh

We'll throw all our regrets in a light
Over the bridges of a lie
Someday
Restart everything in different place
You choose your family and your friend
Again, over and over again

We'll throw all our regrets in a light
Over the bridges of a lie
Someday
Restart everything in different place
You choose your family and your friend
Again, over and over again

We'll throw all our regrets in a light
Over the bridges of a lie
Someday
Restart everything in different place
You choose your family and your friend
Again, over and over again
