I'm being drawn,  
I want to change into something different than anyone else  
As I look at you ye  
As I get to know you ye

Imaginations move my emotions even more  
Rainbow with twelve different colors  
Which color am I  
Shall we make it even brighter

On top of the white paper we are drawing slowly one by one  
(Red orange yellow green blue indigo violet which color fits us)  
I am always next to you  
I will always be with you

Oh this beautiful color  
I keep getting drawn by it without me knowing  
Put it into that pretty sky  
I want to draw myself  
The color you and I made  
A secret just between the two of us will open baby  
I'll show you my colors

I have casted a uniquely colored spell  
My lips, as if I'm a magic shop I become colored as well  
First period is art because I want it to be  
I feel like I'll float into the air my heart starts to thump

On top of this black and white world  
I have colored it with my own color ooh  
Since all of us who are different gathers  
It already became an awesome picture

Each color has a certain feel to it all  
Since it spreads out electrifyingly  
Look into my eyes  
The way we want  
(We can do it all)  
From our fingertips to the tips of our toes  
It all sparkles like the starlight  
Look into my eyes  
The way we want  
(The way we want)

On top of the white paper we are drawing slowly one by one

This good feeling of always wanting to color  
(Which color) I like that  
I shake your heart so I can see it alone  
Color that is put inside a transparent cup  
Becomes electrifying  
This good feeling of always wanting to color  
(Which color) I like that

Color that is put inside a transparent cup
