You're toxic you sink into me
You play with my heart
I fall for you again

I can't do anything else
Oh na na na
When we lock eyes
I can't listen to anything else
I want to believe you
Oh na na na

Burn all the rumors about you
I'm running towards you fearless, don't stop me
All the useless rumors rumors rumors
I close my ears you're the only one I
Trust trust trust boy

How do I look at you from now
Tell me show me your heart baby
My heart is unstoppable
Can I give my heart to you? tell me
Everything is gonna be alright

Say it to me

Look what I'm going through because of you baby

You shake me it's irresistible
Things I don't wanna hear bother me
Why are you making me pathetic like this
I just hate everything

Be honest and
Look me in the eyes
I'm already falling deep
Stop avoiding me
