

# Heartbeat

J Boog

Make this last forever  
Music like love

You got me like  
Da da da da da da  
Da da da da da da

Loving ya move's  
The way we groove  
Tryna fight this feeling  
My heart beats

Da da da da da da  
Da da da da da da

Girl ya so smooth  
The right attitude

Tryna fight this feeling  
My heart beats

Tell me everything about  
Tell me everything about you

You di one I singled out  
Best one inna dis crowded room

Feels like a match made in heaven  
Despite the first time we facing

Our chemistry is in tuned  
So don't keep me waiting

My heart beats  
You got me like  
Da da da da da da  
Da da da da da da

Loving ya moves  
The way we groove  
Tryna fight this feeling  
My heart beats

Da da da da da da  
Da da da da da da

Girl ya so smooth  
The right attitude  
Tryna fight this feeling  
My heart beats

Eye to eyes we intertwine  
Pon di dance floor we skin combine  
Baby where ya been ya looking so fine  
Body feel warm all tho it ah winter time

Feel like twenty years, ya just kno me

And feel like I'm prepared to love solely

She say fi talkin di truth  
Don't tell me just show me  
My heart beats

You got me like  
Da da da da da da  
Da da da da da da

Loving ya moves  
The way we groove  
Tryna fight this feeling  
My heart beats

Da da da da da da  
Da da da da da da

Girl ya so smooth  
The right attitude  
Tryna fight this feeling  
My heart beats

Our attractions  
Automatic  
Not sporadic  
When I'm next to you  
Next to you, girl

Take my heart girl  
You can have it  
Overflow with my loving for you

You yeah

You got me like  
Da da da da da da  
Da da da da da da

Loving ya moves  
The way we groove  
Tryna fight this feeling  
My heart beats

Da da da da da da  
Da da da da da da

Girl ya so smooth  
The right attitude

Tryna fight this feeling  
My heart beats  
My heart beats  
My heart beats

Tryna fight this feeling  
My heart beats...
