

## Sweet Love

J Boog

Girl I never saw ya coming  
And I never want you to leave  
You don't let me want for nothing  
You take care of everything I need

Try not to want too much of a good thing  
Here ya come and chase my [?]  
Something about you got me addicted to ya  
'Cause you put a little sugar in everything you do

You give me sweet love  
Sweet love  
Sweet love  
Sweet love

Chocolate covered candy dipped in honey  
Ain't got nothing on you, girl  
Pineapple upsidedown cake a-la-mode  
[?] I do for you, girl

Hear what I say  
You give me sweet love  
Sweet love  
Sweet love  
Sweet love

If I had my way, girl  
If you say okay, girl  
Never go a day without ya  
Sweet love  
Sweet love  
Sweet love  
Sweet love

Said I need it everyday, baby (love)  
Sweet love  
Sweet love  
In the morning (Sweet love)  
In the afternoon (Sweet love)  
Late in the midnight hour, babe (Sweet love)  
Said I need you, babe (Sweet love)  
I need ya babe (Sweet love)  
Said I need ya baby (Sweet love)
