

## I Can't Be Nice to You

J Church

I won't write you a letter,  
I won't call you on the phone,  
I won't fax you at your office,  
Still you won't leave me alone

I can't be nice to you,  
I can't be nice to you,  
I can't be nice to you,  
Be nice to you, be nice to you, be nice to you

I have to laugh when you ask me,  
With all seriousness about the 'scene',  
And I don't care what you write,  
And I don't care what you say,  
In your useless magazine

I can't be nice to you,  
I can't be nice to you,  
I can't be nice to you,  
Be nice to you, be nice to you, be nice to you
