

Nothing Lasts Forever

J. Cole

I tried, you tried, we tried
All of the times that we had together
We should've known nothing lasts forever

When this shit end, man it's gon' get ugly
Real real ugly, your grandmama love me
And your mama love me, little sister hugs me
Even got a few homegirls that wanna fuck me
Soon as this shit end, forget about it
You been stayin' in my crib, you gotta get about it
Cause if you layin' in my bed, let's admit about it
One time fuckin' and we no longer upset about it
Cause when this shit ends it's either all or nothin'
I thought you loved me, how the hell you gon' call yo cousin?
You know the diesel ass, half slow, evil ass
Nigga in that Honda showin' up with that drama
On my mama, we been through it all
From the goods to the bads, rise to the fall
You done seen me at my best, seen me at my worst
So when this shit ends, know it's gon' hurt

(You can't say we didn't try, you can't say we didn't try)
I tried, you tried, we tried
All of the times that we had together
We should've known nothing lasts forever

They say we won't last
I know you suspicious, but you don't ask
And I don't tell, that's where we both fell
A good nigga gone bad
Good chick a lil mad as fuck, she done had enough
I be, out here tryna raise my status up
But success bring bitches, and they bad as fuck
Ass fat as fuck, with a little ol' waist
I ain't want the whole meal, just a little ol' taste
Should have looked both ways 'fore I crossed you
I guess I never thought I could have ever have lost you
Now I'm out stuntin' with this bitch, you ain't about nothin'
While some nigga learnin' all the shit I taught you
Damn, guess you deserve that, a new start
But deep down you know we grew apart
Long before I broke your heart, if I lost your respect
I'm just hopin' you don't look at me as somethin' you regret

(You can't say we didn't try, you can't say we didn't try)
I tried, you tried, we tried
All of the times that we had together
We should've known nothing lasts forever

I got your message I been meanin' to respond, know it's been awhile
Apologies, I ain't been around
I wanna kick it, but I know that shit is different now
And times have changed
Let me know if I'm out of bounds, are the lines the same?
I mean ya, lookin' good, yeah you still got it
Been reminiscin' and I'm not sure how I feel about it
Now we can say that all good things come to an end

But we know each other way too well to pretend
We went from friends to somethin' much more
To breakin' up to makin' up and fuckin' once more
Second chances, we gave enough to finally
We gave it up, but some days I be wakin' up and wantin' one more
But what for? Maybe it's just the weather
We break each others hearts, so maybe it's for the better
Holler whenever, cause you always got a friend in me
And nothin' lasts forever, least we got these memories

(You can't say we didn't try, you can't say we didn't try)
I tried, you tried, we tried
All of the times that we had together
We should've known nothing lasts forever
