

Transformer

J. Dash

There's just something about you
That really turns me on
I don't remember feelin' like this
It's like...
You got me feelin' like
I can make you hot
Shift gears now I'm your drop top
So fast that we just can't stop...
Just say the word

Well I could turn you to a lollipop and come up on a lick
You lips gloss' poppin' 'cause it's cookin' too quick
I don't trust the coppers, so I make you gold
I'd turn you to my ice, but that's way too cold
Beat hot! (ahh!) Hold that for me
You my number one fan. Won't you blow that for me
Here's 30 grand, won't you blow that for me
We can keep under the sheets under wraps like a mummy
I'm dash, the latest, but the greatest ever was
Funny how the money turn a home to a cause
Flow like water, beats like a tub
If you wiggle in the middle I can turn you into suds
Would like that?
Where the lights at?
Turn your body to a flame, you can light that
In the mirror, put your left where your right's at
When I put my hands on, I can make you transform

I'm your personal transformer
Turn me into what you wanna I can be the perfect accessory
Mold me into what you wanna I'm your personal performer
Activate into whatever you need

Baby let me make your knees shake
Whipped cream turns ya body into cheese cake
What you wanna be? Sounds fun to me
I don't know how you gon' do all that from under me
And lovin' me is easy when the cash flow right
Can you be my umbrella when the weather ain't tight?
Girl I gotta know when the cash gets strapped
You can be my "dime" and "change" all that
Make ya transform to a range all black
So we in the club everybody lookin' at
You (who?) you (ooh) it's all 'bout you
Turn you into shoes cause it's all 'bout chu
Turn you into food cause it's all 'bout chew
(But what about your woman?)
Well you can be that too
Shoot I'd turn ya into my skin
Just so I could feel you all over again

I'm your personal transformer
Turn me into what you wanna I can be the perfect accessory
Mold me into what you wanna I'm your personal performer
Activate into whatever you need

I could be ya

I could be ya
I could be ya
I could be ya

I could be ya
(Personal transformer)
I could be ya
I could be ya
I could be ya

I could be ya
(Personal transformer)
I could be ya
I could be ya
I could be ya

I need a lady
I need a freak
I need a rider
I need a beast
I need a cook
I need a maid
I need a boss that needs to get paid
I need a soldier
I need a queen
I need a friend
I need a fiend
I need a lover know how to hustle
Stays outta dodge, but gets into trouble

I'm your personal transformer
Turn me into what you wanna I can be the perfect accessory
Mold me into what you wanna I'm your personal performer
Activate into whatever you need

Mike K bring the beat back
