

Baecation

J. Holiday

Let's spend a day, we can contemplate when we wake up
For forty days and forty nights, I'm gonna make you say woah
But tell me why, tell me why
Your body never ever lies
'Cause you a freak in disguise, oh
But that's your business
Keep your secrets and your witness
'Cause you know how I get down
VIP with the brown, yeah

Girl, I heard you been on a private island on vacation
Private planes and a bartender when you on vacation
We don't need all them drugs, I'm just tryna lift you up
But you on vacation (Woo), yeah
Don't you want J-cation?
Don't you want? Don't you want? Yeah
Don't you want? Yeah, yeah
Don't you want baecation?

See, I'm not a secret
I know that you see me
I know you wanna spin me like the beat hits
Overnight or the weekend
We can dive off the deep end
Whatever you want (Whatever you want)
And you like when I'm in deep in
Baby, can I turn you out tonight? (Tonight)
I just wanna slay that body right, yeah, tonight (Tonight, ooh, yeah)
Baby, don't play no games (No games)
I'm 'bout to upgrade your life right now, you know my name

Lay with me if you want to be dicked down right
I know this shit hard to find
(You ain't gotta tell me)

Girl, I heard you been on a private island on vacation
Private planes and a bartender when you on vacation
We don't need all them drugs, I'm just tryna lift you up
But you on vacation (Woo), yeah
Don't you want J-cation?
Don't you want? Don't you want? Yeah
Don't you want? Yeah, yeah
Don't you want-

Lay with me if you want to be dicked down right (Ooh, yeah)
Lay with me if you want to be dicked down right
Don't you want J-cation? (Don't you want?)
Lay with me if you want to be dicked down right (Ooh, yeah)
Lay with me if you want to be dicked down right
Don't-don't you want J-cation? (Ooh, yeah)
Lay with me if you want to be dicked down
Don't-don't you want J-cation? (Ooh, yeah)
