

Come Here

J. Holiday

Hey, girl, how are you doing?
What your name is?
Looking like a model or somebody famous
Where's the nigga that you came with
If you're here alone, baby, we're gonna have to change this
'cause you're sexy than a motherfucker
To get to know you girl I'd really love to
Get to show you a good time
And get it cracking with a slow grind

Damn shawty looking sexy as hell
And how you're grinding you don't know what it does to me
I put my hand right here
Grab your booty right there
Baby don't be scared come on
Slow it down come here
I know you wanna come closer
Slow it down come here
I know you wanna come closer

Got me feeling this
As we're bumping and grinding on some R.Kelly shit
And I'm feeling good
'cause you're breaking it down
Like you don't know who you're really messing with
Wanna pull you close to me
And put my hands on your booty
I wanna show you a good time
And pop it off with slow grind

This is for all my sexy ladies
I've been watching you baby
And I really wanna dance with you
And you
And you
And you
And you too
So many here for me to choose from
It's hard for me to choose one
But I I choose you damn
