

Drip

J. Holiday

All I wanna do
Is to make you my baby my lover
The first time I saw you
I knew that I loved ya
(Yeah babe)

I'm not tryna take you from your man (oh)
I got the lovin that'll make you stay home
I just want a private party
All she wanna do is to keep my ass
Tippin

Baby that my baby baby that's my drip
He ain't never made it drip like papi
Shawty she be drip drip drippin
Like Tati on my
She like to put it on my lips

Tonight she's gone dance
This plane it's gon land
No time for romance
When I got that ass in my hands

She gon drip drip drip she gon drip
She gon drip drip drip on my
Drip drip drip she gon drip
Yeah I like the way she drip on my

All I wanna do
Is to make you my baby my lover
The first time I saw you
I knew that I loved ya
(Yeah babe)

I'm not tryna take you from your man (oh)
I got the lovin that'll make you stay home
