

Gemini

J. Holiday

Straight out the shotgun
Baby girl whats your flavor
Another shot of the dusse
Or should I roll these papers
I don't really care I like what you like baby
So what's up

Started with a plug
Ended with some drinks
Faded caught a vibe with you
Excuse me if may

Touch you where you like
Are you in to games
I'll play by your rules baby
Tell me whatcha think

Gemini gemini show me your other side
Oh yeah I want that and a nigga can't lie
You and I show me your other side
Oh Yeah I want that and a nigga can't lie

Now you riding shot gun
Tell me girl whats your station
A little holiday in ya ears
Take em on a vacation
Let me get you in baby
And we can do like grown folks do

Started with a blunt
Ended with some drinks
Faded caught a vibe with you
Excuse me if may

Touch you where you like
Are you into games
I'll play by your rules baby
Tell me what you think

Gemini gemini show me your other side
Oh yeah I want that and a nigga can't lie
You and I show me your other side
Oh yeah I want that and a nigga can't lie

Tell me the truth (Tell me the truth baby)
Are there really two of you under your moon?
I know that you know I know (baby you can let it show)
Don't think that I'm judging you because I like what you like baby

Started with a blunt
Ended with some drinks
Faded caught a vibe with you
Excuse me if may

Touch you where you like
Are you into games
I'll play by your rules baby

Tell me what you think

Gemini gemini show me your other side
Oh yeah I want that and a nigga can't lie
You and I show me your other side
Oh yeah I want that and a nigga can't lie
