

## Guilty Conscience

J. Holiday

What goes around comes right back around  
I hope all them feelings isn't true  
If I was you I'd been left me by now  
All the dirty shit I've done to you

Now she's a good girl  
And oh she wouldn't do that to me  
Because I did it to her  
My mind is playin' tricks on me

Is she lyin', Is she lyin', Is it true?  
Could it be I'm blamin' her for what I do?  
Can't say I never thought of her fuckin' another nigga  
But I guess it shouldn't matter

It's my guilty conscience, guilty conscience  
It's funny how the tables turn, maybe I deserve to hurt  
It's my guilty conscience, guilty conscience  
It's funny how the tables turn, maybe I deserve to hurt

She cheated, like I cheated  
Do she be fuckin' that nigga, like I be fuckin' them bitches  
Do that nigga be layin' up in my house?  
Like I be layin' in them other bitches house?

I... I deserve it

Ohh Ohh Ohhh, Yeaaa

My guilty.. conscience

Baby!
