Hate'll paralyze your mind  
Gotta see the other side  
It costs ya nothin' to be kind  
Not so different you and I  
Lookin' for love in a different light  
Until we find that equal sign

Same, uriga swineun sumdeul  
Same, uriga kkuneun kkumdeul  
Same, sal sok useumgwa nunmul  
Same, da jonjungbadeul pumdeul

Just a piece to give strength  
In the puzzle of our hearts  
It'll all make sense one day  
So I'm singing  
For love in this world  
Come on  
Let's come together  
Equality is you and me

In the puzzle of our hearts  
It'll all make sense one day  
So I'm singing  
For love in this world  
Come on  
Let's come together  
Equality is you and me

We have each other, and we make eye contact  
There is no one above us  
There is no one under us  
Let's roll  
With love  
With trust  
With respect  
Step by step  
We are still indifferent to the world  
We need to pay attention  
The beginning of change is coming soon  
Maybe it's up to us

A cry without a sound even when I cry out loudly  
What do you feel differently about your skin?  
We fought our way up fair and square

Confused and frustrated  
The world is wide  
But people have a very narrow mind  
It doesn't have to be the same  
Why is being different a sin?  
Beyond age  
Beyond gender  
Across the borders  
Maybe it's like homework for everyone  
Awaken them that it is just a difference  
Not something to discriminate against  
Starting with myself  
You must know that the victims of prejudice  
Are none other than ourselves  
(Please)

Hate'll paralyze your mind  
Gotta see the other side  
It costs ya nothin' to be kind  
Not so different you and I  
Lookin' for love in a different light  
Until we find that equal sign

Same, the breaths we breathe  
Same, the dreams we dream  
Same, laughter and tears in life  
Same, all things to be respected

Just a piece to give strength  
In the puzzle of our hearts  
It'll all make sense one day  
So I'm singing  
For love in this world  
Come on  
Let's come together  
Equality is you and me
