Always with my dawg, right  
Always with my thug, right  
Always with my dawg, right  
Smash on the street  
Smash on the street

When I'm cruisin' down damn airport

I take a plane with my friends  
Every day I'm so turnt up with my boys  
Every day I'm so turnt up with my dawg

Always with my dawg, right  
Always with my thug, right  
Always with my dawg, right  
Smash on the street  
Smash on the street

We're happy these days  
Someone took off the Gucci tab  
Someone has a couple hundred Kaws Toys  
Someone's thinking about where to live  
Only proper and right things  
Only good things, looking out of the well  
Only ripe things, nothing bitter  
Only cool things with cool friends

When I open my eyes, red road  
(Walking walking walking)  
Calls from top celebs  
(Talking talking talking)  
All of these moments are  
Always with my dawg  
In the future  
Always with my thug  
The world falls into step with these seven people  
We're always always together  
Turn up

Turn my swag, now my billin' level hyped out  
My friends and I are at the summit  
Celebrate, party every day  
Hol' up, this is the place of J-hope, man  
Hol' up, when did I buy this place?  
Hobal hyung killed them all the fake ass  
Me too, me too, me too, me too

Every time I open my eyes I'm on the cover of a magazine  
It's like I own a house on top of the chart  
Haters better cop out  
Credit card chops like karate chop chop  
Me and my friend, we change it up trendsetter  
Hol' up, man, now you guys are the crow-tits

My friends and I are at the summit

By only my rules, I walk  
Side by side with my bro  
Beliving just in us since before debuting  
And harvesting hearsay  
Everything was written  
There was no one  
On our sides  
Our team came up from behind  
Now we're opening up the world  
Feel like karaoke  
Sing it, shake it, check it  
The whole world wants us  
We're 18th, make it  
Just like I dreamed  
Everything came true  
Now it's our turn  
We're gonna shoot 'em all, riches

The justifications are dog food  
Bark bark with no front or back  
Openly like dogs  
Bravado, insistence, delusion  
The nugus who keep making trouble  
Pow pow to them  
We're looking ahead, fair and square  
The records we set, our results  
Step on them  
With ma label, a foothold  
With my fans, gratitude  
With my team, always
