Watch the base line

The base line of my music  
The base line of my movement  
The base line in my life  
The base line of my success  
Base line  
From now it's base time  
The difference in base you feel  
When you see my base line

You're in my world  
The essence is always awakened  
Why do you put in hatred  
I don't need your hate code  
They say, base on  
A grade without basis  
I spit it out to them  
Hope world, base line

Street dance

10 years  
Rap that's shaped through the rhythm of my body  
Now a name tag  
Top class  
But my life plan still boils my blood  
I'm earnest  
My music's dream still remains, so  
I work hard  
Every day  
Gratitude for my work is my base  
I'll eat them all up with my spoon  
An ounce of prevention is worth a pound of cure  
I have no worries  
Base line, the source of my result  
Hope world will now flip over all worlds

I debuted because I worked harder than anyone  
I slept less and did more, for myself  
A film-like life's main base, mainstay  
The kids who can't come to their senses, play back

The base line of my music  
The base line of my movement  
The base line of my success  
Base line  
From now it's base time  
The base difference that you feel
