Blue side
Back to blue side
Blue side
Back to blue side

Everything has changed between us, I cry alone blue
I'm dyed because of you blue tears are forming blue
Spring summer autumn winter always the same feeling blue
I want to go back to the time when I didn't know anything blue

Blue side, blue side
Back to blue side, blue side
Blue side, blue side
Back to blue side, blue side
Blue side, blue side
Back to blue side, blue side
Blue side, blue side
Back to blue side, blue side

The sun shines in the cold and the clouds cover the blue
Sky ride the wind and go to this moment and there blue
My heart that comforts me right now blue
Blue under the moonlight I alone blue when I

Vomit out my pain in the dark when the
Cold air is squeezed with a sigh
I felt I only want to walk
On the
Blue road on the rainbow bridge
I'm singing my blues
Singing my bloom
Back in my room
I miss the blue me and the light breath of those days
Between coolness and passion
I weigh the weight, but now I just want to burn blue and die

Blue side, blue side
Back to blue side, blue side
Blue side, blue side
Back to blue side, blue side
Blue side, blue side
Back to blue side, blue side
Blue side, blue side
Back to blue side, blue side
