

lock / unlock

J-Hope

Take the key
That'll be our all (Yeah)
It will be special
'Cause we out of control

I do it for you, lock
Just you, unlock
Don't know why
We need it, right?
I do it for you, lock
Just you, unlock
Don't know how
We make it right

For our own break (Lock, lock, lock, lock, lock)
Again for our love (Unlock, unlock, unlock, unlock, unlock)
For our own step (Lock, lock, lock, lock, lock)
Again for our world (Unlock, unlock, unlock, unlock, unlock)

Take a breath (Take a breath, yeah)
Now we see it all (Oh, yeah, yeah)
We're beyond special
'Cause we're under control (Ooh, ooh)
Our way's far off
Too long, too long, too long
So keep on like now
And move on, move on, move on

I do it for you, lock
Just you, unlock
Don't know why
We need it, right?
I do it for you, lock
Just you, unlock
Don't know how
We make it right

For our own break (Lock, lock, lock, lock, lock, ooh, yeah)
Again for our love (Unlock, unlock, unlock, unlock, unlock)
For our own step (Lock, lock, lock, lock, lock, yeah, yeah)
Again for our world (Unlock, unlock, unlock, unlock, unlock)
