What if I have no dream?  
What if, what if, what if, what if  
What if I have no passion?

But the truth is

I could find a hand that always  
Held me through this ride

You've asked me dozens of times  
Am I really like that?  
Hope, positivity, always smiling face  
I just thought it was something I could do  
So my music, my speech, my feel  
I made it myself  
But, doubts arise  
I ask J-Hope  
"Can you keep the parts you talked about?"  
Maybe it's not my own will  
I was born from countless environments  
Ayy, boldly shine your persona

How you doin', bro?  
Looks like you're living well these days, swaggering around  
What are storms and trials to you?  
You've only climbed up the entire staircase  
That might not be known  
Yet you've got it all now  
Money, fame, even the following of good people  
To love oneself and have hope  
Even if all that is stripped away and you're at rock bottom  
Can you say it? (I wish)
