I asked myself dozens of times  
Am I really like that?  
Hopeful, optimistic, always with a smile on my face  
I just thought that was just something I could do  
So my music, my speech, my feel  
I made it myself  
But, I wonder  
I ask J-Hope  
"if you were me, can you keep on doing those things you said?"  
Perhaps it's because I was born under countless circumstances  
And not of my will  
Ayy, show your persona with pride

How you doin', bro?  
Seems like you're living your best life these days, dressed up so nicely  
I wonder what hardships and ordeals mean to you  
Since you only walked up intact stairs  
Maybe you have no idea about such things  
You have everything now  
Money, glory, fortune, even followed by people you like  
Can you still tell to love and have hope  
If it means all of those things will be taken from you  
And you'll be at the bottom? (I wish)
