Wagwan Nakala, I miss you namala nah  
She cuss me, dafma saga  
Said I'm always smokin' jamba, no respect  
Haleh bi, dafa nyaka fiydah  
Might find a new chepè, a fresh one that's more riper  
It's been a long time, where you been?  
We used to all eat from one pot, we called it benachin  
Or some times it was supakanja  
When I walk into the room, they say, "Ayy way Samba"  
"I'm lookin' for a sexy jangha, lookin' for a sexy jigéen"  
Last time was too rough, she said I can't sex her again  
Last time I linked her, she was cookin' Thieboudienne  
Yeah, it's been a long time, but baby, now I'm here again  
It's J Hus, the Gambian President

She look me in my eyes and see a gangster, truly  
I ain't no ST, but in Brikama they salute me  
I would say them degér bopa like the bandit in the movie  
But it's me she loves, since young, man-eh juvie  
Man ak chepe bi we got a love affair  
Su ma nyibeh she said, "Don't leave" 'cause she want me right there  
She wanna come ends, but hamuut neh dafa séda  
But from this one borough, my Gambino di nehn leka  
My baby touch my hair, she love the way that I smell  
And any time I hit her, I pull on her hair as well  
Chaapan ndey am, holaal ndoh, I had it wet like water  
She said, "Boy, don't swear, 'cause you Boss Belly the father"
